### **Examiner's Amendment**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CAR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel, claims 8-9, 11-23, 25 and 27.

### **Reasons for Allowance**

Applicants' response to the last Office Action, filed April 1, 2004 has been entered and made of record.

The following is an examiner's statement of reasons for allowance:

Independent claims 1, 10, 24 and 26 are allowable over the prior art of record. Claims 2-7 depend from claim 1, therefore, are allowed.

Independent claims 1, 10, 24 and 26 recite the limitations of : a developing unit/step for developing on virtual planes pieces of bit data in image data, wherein pieces of bit data of the same pixel are developed on the same virtual plane. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest references of US 5881173 to Ohmori discloses a JBIG coding system with coding on bit planes. However, he does not teach the limitations of cited above, which is shown in the Fig 5B of the specification.

In view of the Applicant's arguments , the rejections to claims 1-7, 10, 24, and 26 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
